YOU HAVE TO COMMUNICATE TO STAY IN BUSINESS. BUT YOU DON'T HAVE TO STAY IN THE OFFICE.

Bo Hedfors, President & CEO, Ericsson Inc., Texas, USA.

Fast decisions sharpen your company's competitive edge. Out of reach can easily mean out of the picture – but an Ericsson mobile phone lets you respond quickly to your customers and keep in touch with your colleagues.

Ericsson makes it possible to communicate with anyone, anywhere, anytime – yet still respects people's needs to divert calls or use an answering service to create pockets of privacy. Ericsson's systems provide these advanced features because Ericsson is a world leader in the development and implementation of systems for mobile phones, serving more than 40% of the world's cellular subscribers.

Ericsson's 80,000 employees are active in more than 100 countries. Their combined expertise in switching, radio and networking makes Ericsson a world leader in telecommunications.

It's about communication between people. The rest is technology.
